

Minisoft Offers New Driver for Toshiba DB-EA4D Printer!

The Proprietary Print Driver Enhances the Powerful 2-Sided Thermal Label Printer

SNOHOMISH, Wash. —August 6, 2014—Minisoft Inc., a leading provider of forms generation, transactional email, CRM, two-sided thermal label and legacy connectivity solutions, is pleased to announce the development of a proprietary print driver for the TOSHIBA DB-EA4D 2-Sided thermal printer. The advantages of this driver include:

- o *Reduced file size and increased print speeds.*
- o *Improved resolution (matches 203DPI of Zebra).*
- o *Easy parcel shipper connectivity.*
- o *Connect directly to Linux, HP/UX, AIX and iSeries systems w/o a Windows print server.*

Why is the Toshiba 2-Sided printer so special? Simply put, it is extremely compact at roughly 9"×9"×9" (nicknamed the CUBE) and very affordable.
